IN BURNING RUINS THE PALACE LIES

HOW BRITISH WARSHIPS ENFORCED OBEDIENCE.

After the Formal Warning, the Bombardment of the Royal Palace Was Commenced—The British Fire Returned to the End—All Escape Was Cut Off.

Zanzibar, Aug. 28.—The palace of the sultan of Zanzibar war bombarded Thursday, and at noon was a mass of blazing ruins. The usurping chieftain, Said Khalid, and the commander of his forces, Said Sales, succeeded in escaping to the German consulate, where they have sought refuge and remain under the protection of the German flag.

Rear Admiral Henry Rawson, C. B., in command of the British Cape of Good Hope and west coast of Africa station, and the British consul-general, A. H. Harding, C. B., after holding a conference yesterday, communicated by cable to the government of Great Britain an outline of the situation of affairs here, setting forth that Said Khalid, who seized the palace and proclaimed himself sultan on the death, apparently by poison, of Sultan Hamed Bin Thwain Bin Said, had been strongly re-enforced and positively refused to surrender. Said Khalid had with him at that time about 2,500 well-armed and well-disciplined men, including 900 Askaris, who have been trained under British officers, plenty of ammunition, and a number of field guns and other pieces of artillery which were trained on the British warships.

The latter, with the re-enforcements which arrived Wednesday, were: The flagship St. George, the third-class cruiser Philomen, the third-class cruiser Racoon, the first-class gunboats Sparrow and Thrush.

Later in the day cabled instructions were received from London and another conference was held between the admiral and the consul-general, and eventually an ultimatum was sent to Said Khalid ordering him to haul down his flag and surrender with his forces no later than 9 o'clock this morning. At the same time the British residents of Zanzibar were notified to be on board Admiral Rawson's ships by 8 o'clock. It is understood that Said Khalid received further re-enforcements from the slave dealers, who flocked to his support, as the formal hoisting of the British flag over Zanzibar would mean the liberation of about 250,000 slaves and a death blow to slavery in this part of East Africa.

By 8 o'clock the British subjects, numbering about 100 persons, and a number of other foreigners had embarked on board the warships, the Italians going on board the Italian gunboat Volturno, and the Germans seeking safety at the German consulate.

At 9 o clock the flagship signaled the Racoon, Thrush, and Sparrow to commence firing, and a moment later the cruiser mentioned and the two gunboats referred to opened fire with their heaviest guns, and 10 minutes later they sent a storm of shell and shot into the palace, tearing big gaps in it, scattering death and confusion among its defenders, while dismounting some of the guns ashore and putting to flight the gunners handling the pieces. The fire of the warships was admirably directed and smoke was soon seen to be issuing from several parts of the palace.

During this time the St. George and the Philomen were held in reserve, although they occasionally plumped a shell into the enemy's camp, adding to the dismay of its defenders.

The Racoon, Thrush and Sparrow kept up the bombardment until 9:50, when the palace was tumbling in ruins and large rents had been made in the barricades of Said's follower's. The latter, however, answered the fire of the warships with great persistency and gallantry, and did not stop firing until, in response to the flagship's signal of "Cease firing," the guns of the warships stopped showering shot and shell ashore. The losses of the enemy are not known, but must have been heavy, especially among the defenders of the palace proper.

Admiral Rawson, in order to prevent the escape of Said Khalid and his followers to the mainland of Africa, where their presence would undoubtedly have caused trouble with the slave leaders and their adherents, sent detachments of marines, bluejackets, and local Zanzibaris to occupy all the roads and avenues of escape, thus hemming in the enemy pretty effectually, although many escaped to the mainland and islands in dows.

Quiet at Constantinople.

Constantinople, Aug. 28. The riots which caused so much excitement throughout Constantinople Wednesday are apparently at an end. The leaders of the mob which attacked the offices of the Ottoman bank surrendered and will be expelled from Turkey. The official account of the troubles attributes the riots to an organized effort on the part of the central committee of the Armenian revolutionists to stir up a revolt.

Games Played in the National League, Yesterday.

Philadelphia won its game yesterday in the first inning, when it touched up Young for four singles and a double. The Cincinnati-Baltimore game was uninteresting save for the stick work of the teams. The champions are gradually acquiring a lead that will land them easy winners. All of the western teams, with the exception of Louisville, lost yesterday, and the Colonels broke even, winning and losing. Scores:

STORIES OF THE FIRE.

Suffers from Ontonagon Tell of the Awful Disaster.

Marquette, Mich., Aug. 28.—Among the arrivals from Ontonagon were Alfred Meads, editor of the Miner, and before the fire one of the wealthiest and most influential men of Ontonagon county; Mrs. Clarence Corbett, wife of Sheriff Corbett, of Ontonagon county, accompanied by her mother, Mrs. Emmons, and three small children. All of these had lost every vestige of property. On the same train came W. W. Richardson, lumber inspector, of this city and H. W. Backus, a Detroit capitalist, both of whom were eye witnesses of the fire.

These gentlemen state that but for the demoralized condition of the workmen about the lumber yards one-third of the town, comprising nearly all of the residence portion, might have been saved. In their efforts to stay the fire Messrs. Richardson and Backus were nearly smothered by smoke and heat, which swept in whirlwinds around them. It is now positively known that no lives were lost in the fire.

Surround the Desperadoes.

Silver City, N. M., Aug. 28.—Word has been received here that nine of the gang of desperadoes who robbed the Separ stage and the Nogales bank and killed one and wounded several members of the party which pursued them are surrounded in Skeleton canon, Cochiz county, Arizona, by a posse of United States marshals acting under Marshal Hall of New Mexico and two companies of troops from Fort Bayard and Fort Grant, and that an attack will soon be made upon their fortified position.

Lockout in Clyde Shipyards.

Glasgow, Aug. 28.—Owing to the strike of Dunsmuir & Jackson's engineers, the master shipbuilders threaten the men with a general lockout unless they return within a week, and declare they will shut their shops before they will allow freedom of labor to be interfered with. The Belfast master shipbuilders indorse the proposed lockout, which will affect all the engineers employed on the Clyde, at Belfast, and on the northeast coast, including 19,000 of the Armstrong company's men.

Estimate of the World's Crops.

Buda-Pesth, Aug. 28.—The minister of agriculture estimates the world's crops for 1896 as follows: Wheat, 825,000,000 hectolitres (2,062,500,000 bushels); rye, 424,000,000 hectolitres (1,070,000,000 bushels). The revised totals for 1895, as furnished by the agricultural department of Austria-Hungary, show that 875,000,000 hectolitres of wheat, and 408,000,000 hectolitres of rye were produced during that year.

Wreck Delays Traffic.

Welch, W. Va., Aug. 28.—At Dunlow Wednesday the pay train of the Norfolk & Western railway ran into a fast freight at a curve, completely wrecking the pay train and the engine and seven cars of the freight. Fireman Vance of the pay train was fatally hurt and Engineer Floyd Turner of the freight train will hardly recover. All traffic was delayed six hours.

MR. HARRISON TALKS IN NEW YORK CITY

HE MAKES A SPEECH AGAINST FREE SILVER.

Ex-President Upholds the Republican Platform and Candidate—Details of the Gold Convention at Indianapolis Being Arranged—Bourke Cockran Stays by His Belief.

New York, Aug. 28.—Ex-President Harrison acted as the eastern proxy of the republican candidate Thursday night and struck the key-note of the eastern campaign in an explanatory and careful speech to 5,000 people at Carnegie hall. Half as many people as composed the audience were denied admittance because of the lack of room. The audience was a distinguished one, and from the early hour when they cheered the band's interpretation of "America," displayed their patriotism in every possible way. Indeed, the vast audience arose and sang the national anthem with ardor.

The decorations of the auditorium were entirely of the American colors. Flags were in many hands. Pictures of the republican national candidate adorned the sides of the proscenium arches, which were festooned with silk bunting. The lower tier of boxes was gay with beautifully dressed women and men in evening attire. Mrs. Harrison occupied one of the boxes with the family of Chauncey M. Depew. Colonel and Mrs. Fred Grant were in another, Mrs. Edward Lauterbach and friends in another. On the stage were such people of prominence as the nominee for lieutenant-governor, Timothy S. Woodruff of Kings; John W. Vrooman, Lemuel E. Quigg, Chairman Hanna of the national committee, and nearly every republican of prominence in the city. Chauncey M. Depew presided at the meeting.

IS M'KINLEY'S ALLY.

Bourke Cockran Will Probably Not Go to Indianapolis.

Indianapolis, Ind., Aug. 28.—It is hardly likely that the convention next week will have the opportunity of listening to the eloquence of Bourke Cockran. While the executive committee has not heard anything directly from Mr. Cockran, the word comes from New York that he still clings to the view that the proper thing to do is to indorse the McKinley electors. Holding this position he cannot well act with the national democratic party, much less act as temporary chairman of its convention.

The leaders here have about come to the conclusion that Governor Roswell P. Flower of New York is the proper man for temporary chairman. It has been settled that Senator Caffery of Louisiana shall be permanent chairman. The prospects for a big convention continue to grow. The indications are that Kentucky, Ohio and Illinois will bring large numbers of visitors aside from their respective delegations and that there will be large crowds here from New York, Massachusetts and Pennsylvania. Every state in the union except Idaho, Nevada, Utah and Wyoming will, it is thought send a full delegation.

Five names only are considered in connection with the presidential nomination, those of Henry Watterson, William F. Vilas, General E. S. Bragg, Senator Palmer and Mr. Bynum. Mr. Carlisle, Mr. Wilson and Mr. Morton of President Cleveland's cabinet, have all been talked of more or less, but all three have given their friends to understand that while they are in thorough and hearty sympathy with the movement, they do not believe it would be right for them to accept a nomination at the hands of the convention. It is believed from this fact that the cabinet officers, and possibly President Cleveland himself, have discussed this question, and decided that it would not be a good thing either for the administration or for the movement to give it in any wise the appearance of being controlled by the administration.

BOUCK DECLINES THE NOMINATION

IS NOT A CANDIDATE FOR GOVERNOR.

The Popocrats Will Now Have To Find Some One Else—Gold Ticket May Be Named in Wisconsin—Bryan's Eastern Trip—Other Political News Notes.

Milwaukee, Wis., Aug. 28.—If the action of the democratic county conventions throughout the state can be taken as the sentiment of the coming state convention, a free silver ticket will be placed in the field, necessitating a call for a gold convention. Colonel Bouck, who has been talked of to head the ticket and who has several delegations pledged to his support, says publicly that he is not a candidate. Ex-Congressman Bushnell of Madison, W. C. Silverthorn of Wausau, and ex-Mayor Rogers of Madison are other candidates mentioned. Rogers so far is the only one who has declared himself a candidate. He has secured the Dane county delegation.

MR. BRYAN'S EASTERN TRIP.

The Popocratic Candidate Speaks at Buffalo, and Many Hear Him.

Buffalo, N. Y., Aug. 28.—Buffalo turned out in honor of William Jennings Bryan Thursday. Its people, by the thousands and tens of thousands, free-silver and anti-silver democrats, republicans, populists and the vest-pocket voters stormed railroad station, hotel and opera house to see and hear the eloquent free-silver orator. The heavy rain which fell after the Bryan party reached this city had no effect on the crowds which clung to advantageous points. Excursion trains by the score brought in cars loaded with men and women who wanted to see a man who may be president of the United States next year.

Mr. Bryan was not in good voice, or it was husky, but he was full of action and gave the democrats a democratic free silver speech which kept us listeners clapping and cheering most of the time. In some respects his speech paralleled the one he made in Erie, Pa., before the state convention of democratic clubs Wednesday evening, and he again quoted Carlisle's speech of 1878. When he said that he would carry the news back to the east that the democrats of the east stood on the Chicago platform with those of the west the crowd cheered wildly, but it was a whisper compared to the roar that went up when he said that democrats must either stand on the platform or get off it altogether. The audience was in full sympathy with Mr. Bryan. It was one of the most responsive gathering which the presidential candidate has met since his nomination. The democrats were quick to see every point, and they listened attentively when he took up the financial question.

No Fusion in Kentucky.

[illegible]isville, Ky., Aug. 28.—The demo[illegible] have refused to accept the terms [illegible]usion offered by the populists. Jo[illegible]ph Parker, state populist chairman, [illegible]aid Thursday that as the democratic committee (silver) had rejected the offer of fusion the populists will put out thirteen Bryan and Watson electors, who shall be wholly independent of the thirteen Bryan and Sewall electors. As there are 12,000 organized populists in the state, this action is declared to mean a loss of 24,000 for the Bryan and Sewall electors, since each vote cast for a Bryan and Watson elector offsets one cast for the Bryan and Sewall electors. The populists consented to fuse if given the two electors-at-large, the silver democrats to have the eleven district electors. Chairman Parker also said there would be no fusion in the south except in Texas, and possibly in Missouri.

Missouri Gold Democrats.

St. Louis, Mo., Aug. 28.—The state gold democratic convention concluded its labors Thursday and adjourned sine die after naming a state ticket, four delegates at large, thirty district delegates to the national democratic convention at Indianapolis, two presidential electors and fifteen district electors. J. McDowell Trimble was nominated for governor.

Fire at Sault Ste. Marie.

Sault Ste. Marie, Mich., Aug. 28.—Fire started Thursday in North Water street and before it could be got under subjection over $300,000 worth of property was destroyed.

REPUBLICAN STATE LEAGUE.

Convention at Peoria to Be a Grand Event.

Peoria, Ill., Aug. 28.—The convention of the state league of republican clubs, which is to be held here September 1, promises to be one of the great events of the republican campaign in this state.

W. G. Edens, the state organizer of the league, said that from present appearances there would probably be from 15,000 to 20,000 visitors at Peoria during the convention, as in addition to the interest created by the convention, which will be addressed by such speakers as Congressman McCleary of Minnesota and Governor Hastings of Pennsylvania, many people will be attracted by the fact that John R. Tanner and all the other state candidates will be present.

D. D. Woodmansee, the newly elected president of the national league of republican clubs, has also signified his intention of attending the convention, if it is possible for him to do so.

Will Notify Bryan and Watson.

Washington, Aug. 28.—The Star says: "The Star can state positively that Bryan is to be formally and officially notified of the populist nomination made at St. Louis. Tom Watson will be notified at the same time. This may sound strange in view of the statement of Chairman Butler that Weaver and Field were not notified four years ago, with the inference that went with it that, despite the protests of the populists, Bateman and others, Bryan would not be notified. At no time, however, did Chairman Butler say in positive words that there would be no notification. There will be no big meeting like that in New York, but Senator Allen of Nebraska will write a letter to each of the candidate officially informing them of the nomination."

Cleveland's Hawaiian Plans.

San Francisco, Cal., Aug. 28.—The steamer Alameda, from Honolulu, Aug. 20, brings advices that Minister Willis has resumed his duties. It is rumored that his recent visit to the United States was for the purpose of conferring with President Cleveland on the annexation policy. As a result of the conference, it is said Willis was empowered to enter into negotiations for annexation, or a monarchial form of government with Kaiulani on the throne, or an American protectorate, the form of government the choice of which is to be left to a vote of the people. Minister Willis made a formal call on the government soon after his return Friday. Nothing definite will be known to the public regarding Willis' instructions until the return of President Dole, who is on the island of Maui at present.

Bloodshed in Oklahoma.

Guthrie, O. T., Aug. 28.—The squawmen of the Seminole Indian reservation are in open revolt and threaten to exterminate the full bloods. At the last session of the Seminole council a law was passed ordering all white men who married Indian women to leave the nation. There are 800 squawmen. Wednesday, when a body of police Indians attempted to put the council laws into execution an open battle took place, in which three Indians were killed. Great excitement exists and further bloodshed is looked for. Troops from the First cavalry are on the way to the scene of the trouble.

Reject the Sealing Claim.

Washington, Aug. 28.—Auditor Baldwin of the treasury department has rejected the claim of the North American Commercial Company for $283,725 for damages alleged to have been sustained by it by reason of the United States having prevented the company from taking any fur seals on the Pribyloff islands in Alaska during the year ended April 1, 1894.

Death of Lewis Steward.

Armenians Dynamite Turks.

Washington, Aug. 28.—United States Minister Terrell at Constantinople cables the state department that great bloodshed and rioting had occurred there. Wednesday night several hundred Armenians were killed and at the time of cabling this morning the minister states that all the houses in the city are closed. Dynamite bombs were exploded in the streets by Armenians and about thirty Turkish soldiers killed. The revolutionists were placed on board a steamer and conveyed to a foreign port.

Another Ticket for Nebraska.

Lincoln, Neb., Aug. 28.—The thirteenth Nebraska state prohibition convention (Leverett followers) convened at Lincoln Wednesday. There was an attendance of over 100. J. T. Roberts of University Place was chairman. The committee on resolutions recommends that the convention reaffirm the national platform of the prohibition party as the platform of the Nebraska prohibitionists. A full state ticket was nominated.

PLANS ARE MADE BY THE LEAGUE

REPUBLICAN CLUBS WILL GO ACTIVE WORK.

Nearly All the Delegates Have Left Milwaukee, But the Executive Committee Is at Work at the Hotel Pfister—The State Campaign—Forest Fires at Brussels, Wis.

Milwaukee, Wis., Aug. 28.—Few delegates to the convention of the National League of Republican clubs remain in the city. The executive committee held a session at the Pfister and mapped out the work of the league for the campaign. The most important action taken was the division of the country into districts, each of which is to have an executive committee of its own. The active work of the campaign was placed in the hands of a sub-committee consisting of nine members. Each will have charge of the work in his district, with authority to make an executive committee to assist him. From time to time this sub-executive committee will be called together to report, and in that way the president and secretary and the main committee will be able to keep in touch with the workers all over the country. The plan of the national committee, which is to have the league conduct club work under the supervision of the regular organization, was submitted and was accepted by the executive committee. The league headquarters will be kept open in the city until after the campaign is over.

The republican nominees on the state ticket will not make a tour of the state, as had been planned, but instead a series of big meetings will be held in different parts of the state, which will be attended by as many of the state officers as can get away from their offices. Maj. Scofield will attend all of them. They will be held in the different congressional districts, and the congressmen will attend all of the meetings in their districts.

Cleveland, O., Aug. 28.—The election of officers was practically the only business transacted by the supreme lodge of the Knights of Pythias Thursday. Supreme Chancellor—Philip T. Colgrove of Michigan.

Supreme Vice-Chancellor—Thomas G. Sample of Pennsylvania.

Supreme Prelate—Albert Steinhart of Alabama.

Supreme Keeper of Records and Seals—R. L. C. White of Tennessee.

Supreme Master of Exchequer—Thomas D. Meares of North Carolina.

Supreme Master-at-Arms — James Moulson of the Maritime provinces.

Supreme Inner Guard—H. A. Bigelow of Washington.

Supreme Outer Guard—James W. Thompson of the District of Columbia.

Hereafter the supreme lodge will hold two sessions each day. They expect to conclude their business by the middle of next week.

Beloit, Au[illegible] 28—[Special]—The Third assembly [illegible]publican convention is called to meet [illegible] this city, on Saturday, Sept. 12, to [illegible]minate a candidate for the assembly [illegible]m this district, and will be compos[illegible] of forty-five delegates.

Beloit, Aug. 28—[Special]—Beloit was shocked over the announcement last evening of the sudden and unexpected death of William H. Key, one of its oldest business men and most highly honored citizens. He had complained of a bowel trouble Wednesday and took to his bed that afternoon, but despite constant medical attendance, he died last night. He had conducted a cigar and light hardware business in this city for twenty-eight years; was a thoroughly posted politician, and had represented his ward as alderman in the city council. The funeral will be held Saturday with Masonic honors, of which society he was a prominent member.

Beloit, Aug. 28—[Special]—The Beloit gas company are putting in an entire new system of service pipes throughout the business portion of the city in order to avert the possible necessity in the near future, of tearing up the pavement that is to be laid next month, work on which is expected to begin next Wednesday. The fight of certain property owners against the paving project has been dropped.

Milton, Aug. 28—This village was pretty well depopulated by the Wild West show. On a conservative estimate the township of Milton "blew in" $500 that day despite the hard times. W. H. Fross attended the reunion of his old regiment, the 28th, in Milwaukee, last Thursday. Mrs. J. G. Bond and Master Earnest returned from a lengthy visit in West Virginia, Tuesday. D. Y. Berkalew and wife have been visiting friends at Lake Geneva. Miss Harmon of Elkhorn, has been a guest of Miss Anna Tomkins, this week. A delegation of twenty or more leave this village Monday morning for St. Paul. Prof. J. D. Bond and family returned to their St. Paul home Friday. Mrs. Grace Hanniford, of Whitewater, visited at F. E. Owen's, this week. Misses Florence and Martha Baker, of Mad[illegible]on, visited Mesdames W. W. [illegible]man and A. S. Blount, Wednesday. [illegible] from [illegible]hultz is in hard luck. He fro[illegible]ed [illegible] apple tree, Tuesday, and [illegible]orse [illegible]ollar bone. The Milton [illegible]ting [illegible]ciety holds its regu- [illegible] Thursday at 2 o'clock [illegible]n G. A. R. hall. The subject [illegible]Rev. V. E. Southworth's lecture at [illegible]gers' Grove, Sunday, will be "How [illegible]berals Believe in Prayer." Mr. and [illegible]rs. W. H. Clarke, Mr. and Mrs. Ar[illegible]ur Clarke and children, of Edgerton, [illegible]oyed a visit with Milton relatives Wednesday. H. P. Clarke, of Brod[illegible]ad, spent Thursday night with Mil[illegible]n friends. F. A. Root, of Clinton, spending a few days with Mrs. Root.

M'WILLIAMS NOT MISQUOTED.

The Gazette Published the Exact Words That He Used.

The Recorder this morning tries to make out that The Gazette's interview with George McWilliams, in which Mr. McWilliams said he would not return to America from Scotland if Bryan was elected, was bogus. The Gazette did not misquote Mr. McWilliams, who told a Gazette reporter yesterday, in as plain English as anyone could use, that such was his intention. Not only did he say so yesterday but he told the same reporter the same story three or four weeks ago with the injunction that nothing be said about it at that time. Learning that Mr. McWilliams was expecting to leave last night, the reporter called on him and asked if he had changed his mind.

"No," said Mr. McWilliams, "I have not. Business has been poor but it will be poorer if 16-to-1 carries. If Bryan is elected, I shall no return, although I like Janesville very much."

The [illegible]rn-coat Recorder, which has no politi[illegible]l standing with either republicans, democrats, popocrats, prohibitionists [illegible] populists, is frantic in its efforts to ge[illegible] into the good graces in the popocratic [illegible] silverites. Misrepresentations and [illegible]lingsgate are its stock of trade, but the[illegible] will not win.

When you see it in The Gazette it is new and true. When you see it in the Daily Flip-Flop, it has changed its coat, and grown long popocratic whiskers.

SMALL SALES OF THE [illegible]ED.

The Tobacco Men Are Talking Now-a-Days.

The offices of the warehouses of [illegible] city have become places for the discussion of politics rather than for the sale of tobacco, says the Janesville Leaf. Sound money and free silver are the all-absorbing topics of conversation, instead of tobacco. Now and then a small transaction is reported, but the aggregate is very small compared with a few weeks ago. The only sale of importance brought to our notice is one hundred cases of export, sold by Rudolph, Haviland & Son.

The harvesting of the new crop is progressing rapidly, and each day hundreds of acres are shedded. During the past week the weather has been favorable to curing, warm days and cool nights stopping all danger of shed burn for the present.

The Leaf's Leaf Notes.

ALBERT SCHNELL and family are enjoying an outing on the shores of Lake Koshkonong.

JOSEPH GRUNDY returned Saturday from an extended trip to Pittsburg and other eastern markets. He reports trade as rather quiet.

J. M. THAYER, our well known tobacco dealer, attended a monster picnic given by the Ancient Order of United Workmen at Eau Claire, Wednesday. Mr. Thayer is Grand Master of that organization in this state and the duties of the office often take him from home.

A. S FLAGG, the popular Edgerton leaf tobacco dealer, was nominated for the state legislature by the republicans of the Second Assembly district of this county, last Thursday. Mr. Flagg is eminently worthy of the honor bestowed upon him, and, the nomination being equal to an election, the gentleman is reasonable sure of being a member of our next legislature.

COL. CODY TOOK IN $8,200 IN CASH

THE CROWD BROKE ALL RECORDS IN JANESVILLE.

Management Was Agreeably Surprised, as They Had Not Expected To Do Much Business Here—Nearly 18,000 in Town—Brief Notes About the Big Show.

BUFFALO BILL took $8,200 out of Janesville. This amount included gateage, reserved seats money, concert and in fact the "whole thing." No circus ever reached this amount of money and no circus ever drew such a crowd. Counting all the people who saw the show free of charge and the strangers in town who did not go to the show, but came on business because they could get reduced railroad rates, there is no doubt but what close to 18,000 came to town yesterday. Probably 16,000 people saw the show at the two performances. The crowd broke all records and the management was much surprised as they did not expect to do much business here.

A SAD telegram left this city yesterday for Philadelphia to notify the parents of Edward Fletcher, of his death, which occurred in a Milwaukee hospital Wednesday afternoon. Fletcher was kicked by a horse while the Buffalo Bill show was in Milwaukee, and died of his injury. His body will be buried wherever his parents decide at the expense of the show. Three of Fletcher's friends purchased $3 worth of crepe at Archie Reid & Co's. store yesterday afternoon, and had the same sewed upon their hats.

A GREAT advertisement was the speech announcement made yesterday by the Buffalo Bill's "orator;" J. J. McCarthy, before 10,000 people, of the coming Rock county fair. This courtesy was never extended to another amusement enterprise by the Wild West management, until yesterday. But Secretary Watt used to be in the business himself and knew all the managers of the Wild West, and the announcement was made as a compliment to him.

ONE of the best side shows ever seen in the city was with the Buffalo Bill show. They carry everything the advertise and more too. Manager George Fursman, formerly with the Forepaugh show is the general manager.

MANY of the "rough riders" came into Janesville without a cent, they having spent about all their money in trying to solve the beer question while in Milwaukee.

THE Buffalo Bill ticket wagon was used for years with the Forepaugh show, and the money that has gone into it, would buy out this city, many times over.

ONE Janesville lady "argued the question" for ten minutes at the ticket wagon last evening, trying to pass her twelve-year-old boy cheap as much younger.

DURING the past seven week fourteen men have been injured in falling from their horses, and in a number of instances their collar bones were broken.

Two of the Indians yesterday purchased $1 worth of tobacco at an east side store and wanted to "get trusted" for it.

DRUG stores did a rushing business yesterday with their soda fountains, in spite of the fact that it was a cool day.

THE Park Hotel and the Grand Hotel busses were pressed into service, yesterday, to help carry the crowds.

OUTSIDE barns, near the race track, did a rushing business yesterday. One stable contained fourteen horses.

THERE was a bicycle checking stand at the fair grounds yesterday and it took in a few dimes.

THIRTEEN lemonade sellers, during the performance yesterday, sold $132 worth of "circus drink."

WILLIE CLARK and William Farrell ran a phonograph stand yesterday and did a good business.

ONE of the largest crowds that ever attended a "circus concert" remained for the closing performance yesterday afternoon, numbering 3,000 people.

THE Janesville Clothing Company and the Janesville Carriage Works closed for Buffalo Bill.

ONE HUNDRED different teams were hitched inside the fair grounds yesterday at one time.

Two local youths viewed the show, last evening, from the top of the fair grounds wind mill.

SALOON men report a good business and in a number of instances special bars were erected.

THE OVERFLOW OF LOCAL NEWS.

SAW TWO MYSTERIOUS FIRES

Been Destroyed and a House Somewhat Damaged Last Night.

Two mysterious fires raged last night. An alarm from box 13 called the department to the barn owned by the Andrews estate and occupied by George Phillips. The barn, which was totally destroyed, was not insured, although there was some insurance on the contents, which were destroyed. A horse was gotten out of the barn with difficulty. The blaze was said to be of incendiary origin. The building was in ashes before the department arrived, so rapidly did the flames do the work.

The second fire was discovere just after fire out was struck, and all the department, with the exception of the fire patrol, had returned to quarters. The blaze was in the house owned by George Watts, next to the Phillips residence, and occupied by Alex. F r-necker, who slept there, and worked a piece of tobacco land. The fire was of mysterious origin, and broke out in the second story. It was extinguished with chemicals after the contents, owned by Mr. Watts had been removed. The loss will be about $300 and is insured. The fire department was warmly praised for extinguishing so extensive a fire without a chemical engine, as no water could be had, the nearest hydrant being too far away.

"Boys will be boys," but you can't afford to lose any of them. Be ready for the green apple season by having DeWitt's Colic and Cholera Cure in the house. C. D. Stevens.

They Change Their Colors.

Beginning with September the Rand-McNally ten-cent railroad guide for Illinois, Wisconsin, Northern Michigan, Iowa, Missouri, Kansas, Nebraska, and extensions of lines in Indiana, Minnesota, South Dakota, Wyoming and Colorado will be covered in blue. The Central Section guide will be in scarlet and only the complete hand book retains the standard yellow cover. This arrangement will assist the public to make selections of either one of the Guides desired.

Home Seekers' Excursions.

The Chicago, Milwaukee & St. Paul Railway will sell home seekers' round trip excursion tickets to points on its own lines in Iowa, the Dakotas, northern Minnesota and northern Wisconsin. Also, to points on the other railways south, southwest, west and north, crossing several states and territories, at half fare plus $2. Limited to twenty-one days. Date of sale, August 4, 18; September 1, 15 and 29; October 6 and 20.

About Furnaces.

But few people prepare for cool or for winter weather so far as heating the house is concerned until the chill drives them to it and then because their wants cannot be attended to at once are of course put out. Wouldn't it be a good idea to have the furnace and stoves ready for use while we can do the work in a hurry? Think the matter over. Lowell Hardware Co.

Extremely Low Rates to St. Paul and Minneapolis.

WHAT 16 TO 1 MEANS.

A Brief Explanation of the Phrase Now On Every One's Tongue.

Sixteen to one means, in practice, that 16 ounces of silver shall be held as worth as much as one ounce of gold.

One ounce of gold, American coin standard of fineness (that is, 900 parts of pure gold to 100 of alloy) will coin in gold dollars, $18.60. Sixteen ounces of silver, American coin standard of fineness (that is, 900 parts of pure silver to 100 of alloy,) at the rate of 412½ grains to the dollar (the weight of the present standard silver dollar,) will coin $18.60 in silver dollars. These 16 ounces of silver can be bought in the markets of the world today for $9.94.

There would, therefore, be a profit of $8 66 on an investment of $9.94, being about 87 per cent, if a holder of silver could take it to the mint and coin it without charge into silver dollars.

The advocates of free coinage favor a law that will allow any holder of silver bullion, to have the right to take the same to any mint of the United States and convert it into silver coin free of charge.

Light ::: Weight Wraps....

These days find an increased demand for a light weight garment for evening wear, and we have been doing quite a business in this line, in which we offer many special good bargains. Capes and Jackets are both in favor and the showing is a large one. Capes range from $2.00 up and Jackets from $2.50. They are all of this season's production, have proper sleeves and are up to date in every way. Among the Capes are a number of very swell garments which were up to $25, but in order to close them out we will just cut the prices in half. In the Jacket line are a number for misses and children which should be very desirable for school wear on account of the very reasonable prices.

Should you find a need for a wrap of any kind, come in and see how cheap you can buy one. . . .

A WORKINGMAN'S DOLLAR.

As The Gazette has suggested, workingmen need not puzzle their brains with billion dollar abstractions to reach a just conclusion on the silver question. Every sensible man will apply the Bryan principle to his own case. Two things concern him—how free silver will affect his wages, and how it will affect the price of things he must buy. This aspect of the matter, fortunately, does not have to be argued by inference and conjecture. There are lessons of experience which tell all about it, and furnish a substantial basis of judgment in the case. The fact is fully established that in a time of inflation wages are the last thing to rise, and that they never rise in proportion to the prices of the necessaries of life. Any man who entertains the least doubt in this respect can remove it by consulting the report of the senate committee of 1893, which investigated in a strictly non-partisan way the subject of prices and wages in the United States during the preceding fifty-two years. It shows that in 1862, when the currency was moderately depreciated, wages were not quite 3 per cent higher than the gold rates previously paid, but that the prices of 223 articles of daily consumption were nearly 18 per cent higher; in 1863, when paper money was worth 63 cents wages were 10½ per cent, higher, but food and clothing were nearly 49 per cent higher; in 1864, with the paper dollar worth 49 cents, wages had risen 25½ per cent, but the necessaries of life had advanced 90½ per cent in 1865, with the paper dollar worth 63 cents, wages indicated a gain of 43 per cent, but the prices of merchandise were 117 per cent higher; in 1866, when the greenback dollar was worth 71 cents, wages stood at an advance of a little over 52 per cent, but commodities recorded an increase of 90 per cent. These statistics are authoritative and indisputable; and they furnish conclusive evidence that no workingman can afford to vote for cheap money in preference to the sound and admirable kind that is now used in the payment of wages in this country.

...N GETS MORE MONEY

...de w... ...gon box orator was da... ...ago he said a good Mexic... ...but avoided citaing... ...ment was that ... were far better ...e United States working...ilar occupations. So far as ...er of dollars are concerned A comparative table given ...e Sonora railroad, which crosses the American line, shows that conductors on the American end of the line receive one hundred American dollars a month, while the conductors on the Mexican end are paid 180 Mexican dollars. Other employes get salaries in proportion. The conductor on the Mexican side of the line gets more pieces of silver than the conductor on the American side, but he can not buy as much with them. When he offers one of his dollars to a Mexican grocer he gets in return only half a pound of tea. The American conductor with his American money gets two pounds of tea.

If the United States were to pass a free coinage law nothing would be changed in Mexico. Neither prices nor wages would be disturbed there. On the American side of the line there would be a sudden advance in prices, but wages would not jump as the prices would.

Of course, the American railroad employes would insist on getting as many dollars as the Mexican employes do now. But if they succeeded in getting as many dollars they would be worse off than at present, for they could buy so little with their money.

TOO MUCH PROPHECY.

EDITOR GAZETTE:—I see that Chairman Babcock, of the congressional committee, is telling people down east that Wisconsin will go 70,000 republican. I also note Mr. Hanna's refusal to regard any fight as won until the votes are counted, but if Mr. Babcock is right, why should I, as a McKinley man, exert myself to go to the polls on election day if business, indisposition or family affliction renders it inconvenient?

M. G. A.

Good advice to all republicans and sound money men is to disregard the assertions of enthusiastic confidence, which have once within the last six years given the state to the enemy. Stick to Hanna and Hanna's policy. Let no man convince you that your vote is not necessary. Every man's vote is necessary at all times unless he is prepared to sacrifice his title to American citizenship. Take nothing for granted. Be sure you're right, then go ahead—to the polls.

Senator Stewart with his forty millions of dollars continues to put a gold clause in all mortgages. He publishes a paper called the "Silver Knight," however, and to avoid paying printers the Washington scale of $18 a week he moved the publication office to Alexandria, Va., where he pays his men $9 a week. The Mexican basis is pretty good enough for workmen on a free silver paper, he seems to think, but he wants none of it in his.

The Wild West performer who spun for twenty minutes without stopping can't hold a candle to some of the democratic leaders in Wisconsin who have been turning around incessantly for two months and promise to keep on until November.

Is Chairman Morris to get no credit for his eleventh hour conversion? People will be suspecting the sincerity of the Recorder's free silver editorials, even, first thing we know.

In spite of the fact that $133,172,200 in silver was coined in 189... by twenty-five countries the decline of the metal went on steadily.

Times can't be as hard in Janesville as people say when Buffalo Bill can pick up $8,200 of loose change in a day.

ARE NO SILVER MEN WITH BUFFALO BILL

THE WHOLE OUTFIT IS FOR HONEST MONEY.

Mexican Says He Gets as Much Money, at Half the Salary, as the American Employes, Because Free Silver "Goes" in His Native Land—Press Agent Talks.

"No, there isn't a free silver man with the show. Of course, I speak as an individual, and not as a representative of the management. Politics do not enter into our business, and we are not out campaigning, but such is the case. Every man, from the highest to the lowest, are for McKinley."

The speaker was Press Agent Fellows, of the Buffalo Bill combination, who dropped into The Gazette office yesterday afternoon. A gold McKinley button glistened on the lapel of his coat, and a red, white and blue badge, with the portrait of the republican candidate on it, beamed from his vest front.

"What is that?" he asked, as his eye caught a "McKinley shirt front" that hung on the wall in the editorial room. The "front" was made of enameled linen, and bore the pictures of McKinley & Hobart, surrounded by American flags in colors. It was designed to wear over any ordinary shirt, fastening to the collar button, and to the bosom by a stud.

Donned the Front at Once

"That is something new" Mr. Fellows replied when told what the "shirt front" was made for. "Can I have it?"

"Certainly."

Off came the press agent's coat, vest, collar and necktie in an instant, and the shirt front was soon in place, making three republican emblems that the press agent wore.

"Of course I have no business to talk politics" he said "for as I said before, we are out to amuse the people, not to arouse them in favor of any man or issue. As an individual, I am a gold man, and so are all of the owners and managers of the show. I know this although I am not authorized to speak for them. They are all sound money men, as are also all the employes."

"How about the Mexicans?"

"They have had enough of free silver; a Mexican free silver dollar buys half as much goods, and twice as much labor as our dollar. The sentiment with the show is unanimous. They all want to be paid in good money, and they know that if we take in cheap money, they will be paid in coin of the same character."

Mexican Is Satisfied.

A Gazette reporter interviewed one of the Mexicans at the fair grounds yesterday. The gentleman from across the Rio Grande talked English, and was well posted.

"The cow boys with the show get $40 a month and their board," he explained in response to the reporter's question. "While we Mexicans get $20 a month and board. I am satisfied, however, because when I get back to Mexico, my $20 in American money—whether silver, gold or paper—can be exchanged for $40 in Mexican silver money as soon as I get across the line. Therefore, I am doing as well as the American cowboy, on just half the salary he gets. I am going back to Mexico when I finish my engagement with the show, and so are the others."

There is an object lesson in what the Mexican told The Gazette man.

"*Therefore, (because Mexico is on a free silver basis) I am doing as well as the American cowboy on half the salary that he gets.*"

When you take into consideration the fact that Buffalo Bill's men are gathered from all parts of the country, and that many of them are from the west, and the so called "silver states," the statement that there are no 16-to-1 men among them, is quite a revelation, and indicates strongly, the tendency of the times.

VETERANS BOUND FOR ST. PAUL

There Will Be a Big Representation of The Eagle Regiment.

Colonel W. B. Britton has received letters from Captain A. G. Weissart, late commander-in-chief of the G. A. R., who served during the entire war as a member of the Eighth Wisconsin Infantry, the regiment which carried the famous war eagle "Old Abe," urging a full attendance of the surviving members of the regiment at the reunion of the famous Mowers Brigade to be held at St. Paul during the encampment of the G. A. R., September 2. This was the oldest brigade organization in the army, and the enemy never saw their backs. Janesville veterans will attend the encampment in full force, leaving the city Monday morning.

The stone crushing machine was started up yesterday in the Miltimore quarry under the direction of Street Commissioner Watson. Considerable stone will be crushed for use upon the streets. Mexican Dollars.

In order to illustrate to the people more fully the meaning of free coinage of silver and the disadvantage of the same to all classes, particularly the working people, for a limited time, we will give out in change a Mexican silver dollar in place of fifty cents, as that is all they will pass for, not being exchangable for gold dollars, as our silver dollar is at present.

Should we have free coinage of silver our silver dollar will at once depreciate in value and buy less than [illegible] Mexican dollar, as it contains [illegible] ver and could not then be [illegible] for a gold dollar, yet [illegible] would have to take it [illegible] 50 cents [illegible]

RAILROAD MEN NOT URGED BY THE COMPANIES.

Sound Money Movement That Is Seen Everywhere, Results From Their Desire To Avoid Being Short Changed, and Is Not Due to Any Outside Pressure.

Janesville railroad men are swinging into line for sound money. They are doing it of their own accord, moreover, for the roads are more careful than ever this year to avoid exerting undue influence. A letter that was shown at the St. Paul depot this morning suggested how careful the companies mean to be. The letter read as follows:

Office of the President, Chicago, Aug. 22, 1896, W. C. Collins, Esq., General Superintendent, Dear Sir—Numerous charges are being made to the effect that the officers of this company are bringing intimidation and threats to bear to influence the employes in matters at issue in the recent political campaign.

The officers of the company have already been verbally instructed in this matter, but that they may be no misunderstanding and that they may have written confirmation I now wish to say that there must be nothing done to interfere with the right of all the men to use their own judgment in the present issues and they must feel absolutely secure that the use of their judgement will neither directly or indirectly effect their position with the company.

This has always been the attitude of the company and I think our men know the management well enough to understand it. But the reiteration of the charges may make some uncomfortable. If so they should be assured of one attitude and the most scrupulous care should be taken to avoid giving any ground for the false statements referred to.

Yours very truly,
ROSWELL MILLER, President.

It is not influence from superiors that is swinging railroad men for McKinley and sound money this year. It is their unwillingness to be short changed forty-seven cents on the dollar every time pay day comes around.

Railway Men Are a Unit.

"The railroad men are nearly a unit on the money question" said a local employe this morning. "They are all for gold. They know that under free coinage the government would not guarantee the value of the silver money, as it does now. Therefore, the silver money made under a free coinage law, would at once sink to the value of the metal in the coin. That would make the free coinage dollar worth about 53 cents. The laws prevent the company from raising its rates. Therefore, the men know that they would get their salary each month, in dollars worth only half price, and their pay could not be raised correspondingly. Moreover, with the company's income reduced by half, the managers would be compelled to cut expenses. They would do this by reducing the salaries that were already cut one-half because of free coinage, and by discharging men enough to bring expenses down to the income. The railroad men are too intelligent to be fooled by smooth talk. They understand this thing, and will refuse, to a man, to vote away half of their wages and half of their work. If the St. Paul Railway Company has any silver men in their Janesville pay roll, I do no know who they are. All the men that I have talked with, are for the preservation of the existing gold standard, as is guaranteed by the republican platform."

THOMAS JAMESON APPEALS TO THE COURT.

Judge Bennett Asked To Discharge Him From His Indebtedness—Creditors Make a Fight Against the Petition, and Are Allowed To Have a Jury Trial.

An effort by Thomas Jameson to be relieved of his debts was fought by creditors today.

Fethers, Jeffris, Fifield & Mouat appeared for Jameson and against him were Smith & Pierce and Dunwiddie & Wheeler representing the creditors. They wanted action withheld until they could probe the Jameson-Decker interests more thoroughly.

They asked that a jury trial be given and Judge Bennett granted their motion, giving them today in which to file a statement of their case.

DRESS MORE VALUABLE THAN LIFE

Monroe Woman Mad Because Her Dress Was Torn In Saving Her

For tearing a Monroe lady's dress in the attempt to save her life, Ticket Seller E. J. Samuels of the St. Paul road, was soundly berated yesterday afternoon. When the Monroe train started up this lady missed her footing and falling upon the rails would have been killed had not Mr. Samuels pulled her to one side. In so doing he tore her dress in several places, at which she was highly indignant, apparently not realizing how narrow her escape had been.

LIVER CLOGGING.

WHEN YOUR STOMACH CLOGS YOUR LIVER SEE TO YOUR DIGESTION.

Not one person in a thousand knows that the cause of biliousness is the clogging of the liver by the poisons of indigestion. Nor that the only proper cure for it is a tonic to aid the stomach.

But modern medicine declares the truth of it. And the Shakers have proved it by the wonderful success of their Shaker Digestive Cordial.

One of the most important uses of the liver is to arrest and destroy all poisons which try to find their way into the blood. When it's clogged, it can't do this.

Undigested food ferments and putrefies in the stomach, and the poisons of putrefaction clog and paralyze the liver, after which they find their way into the blood.

Here is the true explanation of all the distressing disorders and complications caused by indigestion.

Shaker Digestive Cordial is the only tonic cordial which aids the stomach in a natural way to digest its food. By this means, it cures indigestion, revivifies the liver, and frees the body from poison and disease.

Headache, dizziness, neuralgia, mental depression, weakness, bad taste, fever, flatulence, constipation, loss of appetite, anæmia, rheumatism, and many other disorders are relieved and cured by Shaker Digestive Cordial.

Section 6. The keeper of the city magazine shall receive all gunpowder delivered for storage at such magazine, and shall give his receipt therefor, and be responsible for the same, and shall, upon demand, deliver any powder stored in said magazine to the owner thereof, or his agent.

A Swift and Massive Warship.

The new British protected cruiser Terrible is well named. The Terrible and its sister ship, the Powerful, are the swiftest and in many respects the most formidable warships afloat. These cruisers were built with the avowed purpose of producing something that could catch anything afloat, and it is probable that they will attain a speed

of 30 knots an hour. The Terrible is 538½ feet long over all, 71 feet wide and 43½ deep from the upper deck to the keelson, displacing 14,475 tons. The measurements of the Powerful are practically the same. The tonnage is almost double that of our Columbia, which is 116 feet shorter and 13 feet narrower. The Terrible is about as long as the St. Louis and the St. Paul of the American line, but is eight feet broader and measures 2,800 tons more.

One on the Landlady.

A Houston landlady makes a specialty of buying old chickens. Last Sunday she said to the star boarder:

"Mr. Smith, will you be so kind as to carve the fowl?"

"Please excuse me. I have conscientious scruples," replied Smith.

"Conscientious scruples?"

"Yes, ma'am; this is Sunday, and I am opposed to hard work on the Lord's day."—Texas Sifter.

A Hot-Weather Joke.

Mr. Newpop stopped fanning himself and let the perspiration run unheeded down his cheeks, while he listned to a long-drawn wail from the upper regions of the house.

The doctor may be a good old man, but even so, medical examinations and the "local-application" treatment are abhorrent to every modest woman. They are embarrassing—often useless. They should not be submitted to until everything else has been tried. In nine cases out of ten, there is no reason for them. In nine cases out of ten, the doctor in general practice isn't competent to treat female diseases. They make a branch of medicine by themselves. They are distinct from other ailments. They can be properly understood and treated only by one who has had years of actual practice and experience in this particular line. This is true of Dr. R. V. Pierce, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y. Doctor Pierce's Favorite Prescription, a remedy for all derangements of the reproductive organs of women, has been in actual use for more than thirty years. It cures every form of "female weakness."
